JANET WALLER
ALBERTA,VA

TO THE TOWN OF ALBERTA,VA.

Dear Town Clerk and Council;

This letter is my formal letter of resignation effective immediately.

I have lived and served Alberta for many years. The time has come for me to step down.

It is my opinion that it is time to dissolve the Town Charter.

There are few citizens that are qualified or willing to serve. It is my opinion the tax dollars we pay are futile.

I have come to the conclusion; it is useless to continue forward and try to operate a Town on the backs of a small population ,that is largely below the poverty level.

The direction the Town is going is contrary to my values. Therefore; I will step down with a heavy heart. I will no longer be responsible for anything pertaining to Town of Alberta from this date forward.

God Bless, Janet Waller

Members of the Alberta Town Council,

Let this letter serve as a notification of my resignation from the position of Town Mayor of Alberta, Virginia, effectively immediately.

In the past year, certain members of the Town Council have created such a hostile working environment that several highly qualified employees have resigned. These council members have illegally voted to increase their own pay without amending the budget, or holding a public hearing. Last Monday, these same council members held a meeting illegally, against the specific advice and instructions of the Town Lawyer and the Town Police Officer. These council members have become increasingly antagonistic towards me, and I can no longer continue to serve the public under these circumstances.

I apologize to the citizens of Alberta who have shown me such unwavering support and encouragement. I strived to do what was best for all of the residents and businesses of the Town, but I am tired of the lies and personal attacks from persons who do not even live here.

Sincerely Yours,

Robert W. Hayes Sr.
